Dear Valued Customers,

Mitutoyo (Thailand) Co., Ltd. wishes to formally notify you of upcoming changes to our calibration packages.

Effective January 1, 2026, we will be streamlining our calibration package offerings to include only the following:

- Standard Package
- Premium Package

The Basic Package will be discontinued for most products and will be reserved exclusively for the calibration of Surface Roughness Measuring Instruments (SJ Series).

This adjustment is intended to optimize our services and provide clearer options to meet your specific needs.

We appreciate your understanding and continued partnership. Should you have any questions or require clarification regarding how this change may affect your current service contracts or future calibration needs, please do not hesitate to contact our Sale Service team as details below.

Sincerely,

Mitutoyo (Thailand) Co., Ltd.
